Welcome to my practice. I look forward to working together and to being of help to you and/or your family.

This portal will enable you to view handful of documents that explain my services and any responsibilities you would have as a private client. Uploaded documents include:

- \* **Client Information Form** for contact information.
- \* **Client-Therapist Service Contract** summarizing such topics as informed consent, confidentiality, record-keeping, fees, cancellation policies, collecting insurance reimbursement independently via receipts for sessions, my social media platforms, and how best to contact me.
- \* **Consent to Treatment Form** —one for minors, and one for adults.
- \* There is also a **Permission Form allowing me to video or audiotape sessions**. Clients in no way should feel under any pressure or obligation to sign this form. I have begun the process of collecting clips from sessions for purposes of training other mental health professionals in my particular approach to therapy; they are the only audience who will ever see the clips. Clients who have agreed to have sessions videotaped or audiotaped are free to change their mind at any time, at which point I will destroy the tape(s).
- \* Please note that I occasionally work with a practicum student from a local university as part of his/her graduate training in psychology, counseling, or marriage and family therapy. The student joins me in sessions, largely to observe. If you prefer to not have the student in your session, just let me know and I'll be sure to schedule our time privately.

Yours,

Janet Sasson Edgette, Psy.D., M.P.H.
